

Welcome
to our
region

Welcome to the economic, science
and cultural region of Mecklenburg-
Western Pomerania.

The port city of Rostock – a creative
university and Hanseatic city on the Baltic Sea
is known for its cosmopolitan and family-friendly
environment. Both the beauty of the coastline
as well as the scenic inland are attracting
increasing numbers of people to the region.

This project has been made
possible by the generous support
of the following partners:

Welcome service
for professionals

WELCOME CENTER
Region Rostock

**Mecklenburg
Vorpommern**
Best of Northern Germany

We are here to facilitate a smooth arrival for you and your family

Are you interested in working and living in the region of Rostock?

Our Welcome Center is the central point of contact for national as well as international professionals and regional companies seeking to win new employees. We would like you to settle down in Rostock and our region as fast as possible and find a harmonious balance between work and private life. Drawing on our strong regional network and knowledge, we offer individual services on life in your new place of residence – all from a single source.

You will be provided with comprehensive information material, come into contact with relevant partners as well as receive consultation relevant to your individual needs.

Our free and individual welcome service:

Work

- Information about the regional industry structure.
- Help with job applications in addition to providing educational opportunities.
- Support in searching for language courses and courses related to integration process.

Living and housing

- Support in searching for accommodation or real estate.
- The contact details of local administrative offices, doctors and banks.

Family

- Information about the educational system and support in searching for childcare places and nursing facilities.
- Information on topics like parental leave, parental benefit and child allowance.

Leisure activities

- An overview of shopping opportunities, recreational and cultural programs in Rostock and the surrounding region.
- Information about relevant organisations, associations and cultural groups.
- Newsletter for Rostock and its region.

We support regional companies and investors in hiring new workers and make it easier for new employees to not only start and pursue their careers but also reconcile their working and private lives.
